

Year 4 Teacher Edition

Textbook 4a	
Chapter	Topic
	Note: Every lesson begins with a problem Fluency, problem solving and reasoning to be central to all lessons.
1	Numbers to 10000 <ul style="list-style-type: none">• Count to 10000 (<i>inc. finding 1000 more or less</i>)• Count in thousands, hundreds, tens and ones• Count in twenty-fives• Count in sixes, sevens and nines• Tell the number that a digit stands for <i>in a four-digit number</i>• <i>Identify and represent numbers using different representations</i>• Compare and arrange (<i>compare</i>) numbers within 10000• Describe and complete number patterns• Round off numbers (<i>to the nearest 10, 100 or 1000</i>) and estimate sum and difference
2	Addition and Subtraction <ul style="list-style-type: none">• Add numbers without renaming (<i>4 digit no's using formal column method where appropriate and show understanding with manipulatives</i>)• Add numbers with renaming (<i>4 digit no's using formal column method where appropriate and show understanding with manipulatives</i>)• Add numbers mentally• Subtract numbers without renaming (<i>4 digit no's using formal column method where appropriate and show understanding with manipulatives</i>)• Subtract numbers with renaming (<i>4 digit no's using formal column method where appropriate and show understanding with manipulatives</i>)• Subtract numbers mentally <i>Estimate and use inverse operations to check understanding</i>
3	Multiplication and Division <ul style="list-style-type: none">• Multiply by 6• Multiply by 7• Multiply by 9• Multiply by 11• Multiply by 12• Divide by 6• Divide by 7• Divide by 9• Divide by 11• Divide by 12• Divide to find quotient and remainder

4	<p>Further Multiplication and Division</p> <ul style="list-style-type: none"> • Multiply by 0 and 1; divide by 1 • Multiply together three numbers • Multiply without regrouping (2- and 3-digit by 1-digit, including formal written layout) • Multiply with regrouping (2- and 3-digit by 1-digit, including formal written layout) • Divide without regrouping • Divide with regrouping <p>Find the quotient and remainder in division</p>
5	<p>Graphs</p> <ul style="list-style-type: none"> • Use a table to show information <p>Draw, read and interpret tables, picture graphs, bar graphs and line graphs (discrete and continuous data)</p>
6	<p>Fractions</p> <ul style="list-style-type: none"> • Count in hundredths • <i>Know hundredths arise when dividing an object by one hundred and dividing tenths by ten</i> • Write and show mixed numbers on a number line • Find (<i>and show using diagrams</i>) equivalent fractions • Simplify fractions and mixed numbers <p>Add and subtract fractions (<i>with the same denominator</i>)</p>
7	<p>Time</p> <ul style="list-style-type: none"> • Tell the time using 24-hour clock • Change time in minutes to seconds • Change time in hours to minutes • Change time in years to months • Change time in months to years <p>Find the duration, starting time and finishing time</p>
Textbook 4b	
8	<p>Decimals</p> <ul style="list-style-type: none"> • Recognise and write tenths (<i>as a decimal</i>) • Recognise and write hundredths (<i>as a decimal</i>) • Compare numbers with the same number of decimal places (<i>up to two decimal places</i>) • Complete number patterns involving decimals • Round decimals with one decimal place to the nearest whole number • Recognise and write decimal equivalents of $\frac{1}{2}$, $\frac{1}{4}$, and $\frac{3}{4}$ • Divide a 1- or 2-digit number by 10 <p>Divide a 1- or 2-digit number by 100</p>
9	<p>Money</p> <ul style="list-style-type: none"> • Count an amount of money and write it using decimals • Compare different amounts of money • Round money to the nearest £ and to the nearest £10 <p>Estimate total amounts of money</p>
10	<p>Mass, Volume and Length</p> <ul style="list-style-type: none"> • Measure and estimate mass

	<ul style="list-style-type: none"> • Measure and estimate volume • Measure and estimate length • Convert units of mass • Convert units of volume • Convert units of length (including km to m) <p>Measure perimeter in different ways</p>
11	<p>Area of figures</p> <ul style="list-style-type: none"> • Find the area of figures using square tiles • Find the area and the perimeter of figures in a square grid <p>Find the areas of squares and rectangles using multiplication</p>
12	<p>Geometry</p> <ul style="list-style-type: none"> • Identify acute and obtuse angles • Compare and order angles • Compare and classify triangles and quadrilaterals • Identify lines of symmetry in 2D shapes <p>Complete a simple symmetrical figure with respect to a specific line of symmetry</p>
13	<p>Position and Movement</p> <ul style="list-style-type: none"> • Describe positions using coordinates (<i>in the first quadrant</i>) • Plot points and form figures on the grid <p>Describe movement including translation of figures</p>
14	<p>Roman Numerals</p> <ul style="list-style-type: none"> • Read and write Roman numerals for 1 to 10 <p>Read and write Roman numerals to 100</p>
<p>Notes: Negative numbers have been moved to years 5 and 6 Roman Numeral objectives from year 3 are in year 4</p>
