

# North America

**Climate** The Arctic Circle is one of the coldest places on earth with winters reaching  $-30^{\circ}\text{C}$ , although much of Canada is deciduous forest. Central U.S.A. consists of deciduous forest but also grassland, with very hot summers and cold winters whilst western Mexico and U.S.A. has a desert climate, reaching up to  $45^{\circ}\text{C}$ .

## Largest Populations

U.S.A.  
(322 million people)

Mexico  
(127 million people)

Canada  
(36 million people)

## Fact Box

To the east of Central America, between the Caribbean Sea and Mexican Gulf, are the Caribbean Islands consisting of Cuba, Jamaica, Puerto Rico and

## Physical Features

### The Arctic Circle

One of the two polar circles on Earth. This one is in the north and consists of the Arctic Ocean and extends to Canada, Greenland, Norway, Sweden, Finland, the U.S.A. (Alaska), Denmark, Iceland and Russia. Conditions are freezing cold creating large sheets of ice.

### The Grand Canyon

An enormous carved canyon in the ground formed by the Colorado River, which began 5-6 million years ago. It runs 1800m deep and 18 miles wide and is in Arizona in western U.S.A.

### The Rocky Mountains

'The Rockies' are a major mountain range, spanning 3000km, in the west running through Canada and the United States. The range offers dramatic wilderness, diverse wildlife/alpine lakes.

### Central America

There are 7 countries: Guatemala, Belize, Honduras, Nicaragua, Costa Rica, and Panama. Guatemala is famed for its ancient Mayan ruins. It is a significantly poorer region compared to the northern countries.

## Human Features

### The 50 States.

The United States of America has the largest economy in the world and, because of its enormous size, is divided into 50 different states. Each state has their own laws. Therefore, there are 50 stars on the national flag.

### Statue Of Liberty

The Statue of Liberty enlightening the world was a gift of friendship from people of France to United States in 1886. It is located on Liberty Island, within New York city.

### Hoover dam

Hoover dam is in Black canyon on Colorado river at the Arizona- Nevada border, USA. It creates one of the world's largest artificial lakes. The dam is used for flood and silt control, hydroelectric power, agricultural irrigation, and domestic water supply.
